

Anant
Greens

Breathe Life, Beautifully 

Live It All

A Life for your 3 Generations

Strategically located in the rapidly developing Ashok Nagar area, Sarkanda, Bilaspur. Spread across 6 acres Anant Greens is developed just near the upcoming 100-feet Second Gaurav Path.

Designed by the renowned architects and engineers, every corner of Anant Greens is planned for a futuristic yet green lifestyle.

You're Home Before You Arrive

As the name itself suggests, Anant represents infinite happiness and limitless lifestyle opportunities. We believe greenery is not a luxury, but a necessity for a healthier, peaceful, and balanced way of life.

Designed as a premium township, surrounded by open spaces & thoughtfully planned landscapes, Anant Greens is not just a residential project, it is a crafted community for the people who aspire to live a life without limits.

For Every Story
That's Worth Celebrating

A wide-angle photograph of a modern indoor badminton court. The room features light-colored wood-paneled walls and a matching wooden ceiling with a grid of horizontal slats. Several long, thin, rectangular light fixtures are suspended from the ceiling, providing even illumination. The floor is a polished wooden surface with white lines marking the court boundaries. A white badminton net is stretched across the center of the court, supported by metal posts. In the background, there are wooden benches along the walls. On the floor near the benches, there are yellow and blue badminton bags and some rackets. The overall atmosphere is clean, bright, and professional.
